## **303 500 PIRANHA ROOF CUTTER**

The Piranha roof cutter from **GRIZZLY** is the best cutter you can find. We have equipped it with an GX340 Honda engine, a single lifting ring, a machined depth control arm, and a floating blade cover for safety. A remote air breather is placed high, away from the dust. Changing V-belts has never been easier, simply relieve the belt tensioner and replace the old belts with new belts.

**WEIGHT :** 245 LBS
